5. Reports
 - a. Mayor/ Council Member
Mayor Water line preconstruction meets today, 2-3 weeks for equipment. 365 days main to meter for all water lines. They are going to be installing isolation valves permanently. Travis and the Mayor will be the project managers and will meet once a month for any change, orders, finance drops. A granter will drop the money, but we will have to tell them where to apply for the money.
Ward 1 OWRB and DEQ with several other engineers, they found out the water is low. The mine water is running into the creeks and there is a lot of iron and magnesium in the water. When you add chlorine into the water it causes it to become brown. They are going to add chemicals that filter remove the iron and magnesium. If they must add processes to the water plant, then they are going to raise prices to the municipality, and we will have to raise our rates.
